### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the instant invention. The closes prior art of record, U.S. Patents 5,882,329 and 6,030,397, disclose a brush having a corkscrew configuration positioned at the end of a catheter, the brush being rotated by a shearing body or guide wire. In both cases, the catheter itself does not have a corkscrew configuration substantially along its length, and does not rotate. Nothing in the prior art of record anticipates or fairly suggests the instant invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to C. Lynne Anderson whose telephone number is (703) 306-5716. The examiner can normally be reached on Monday through Friday.
